Young Ambassador Network

Have your say on
making transport better
for young people

Join the Transport for West Midlands (TfWM) Young Ambassador Network! Become a part of a vibrant community of enthusiastic members aged 16-26 years old.

Get in on the action: once every term, usually on Saturday mornings, we dive headfirst into the world of transport! Ever wondered what happens behind the scene to keep those buses, trams, trains, cyclists, walkers and e-scooterers moving like clockwork? We visit operators and get hands-on with the secrets of the operations!

Here's what we have to offer:

Links to the Young Combined Authority

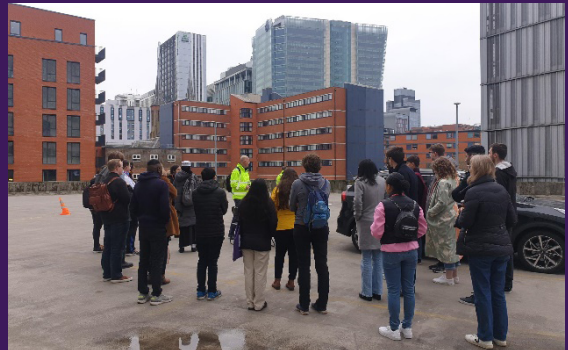

Employability, careers and work experience information

Opportunities to support the Transport Skills Academy at schools and events

Access to behind the scene visits to places such as Birmingham New Street, HS2 Curzon Street, University of Birmingham, UKKRIN building, tram depot and more!

Your ideas
and opinions
